

BLITZ SUPER GEL

GRAFFITI REMOVER

PART CODE: BLITZ-500 (2 x 5 litre) BLITZ-575 (6 x 750ml)

*Effective Graffiti Removing Solution for
Aerosol Paints, Leather Dyes and Permanent Markers*

BENEFITS

- REACH compliant, contains biodegradable components.
- Removes aerosol paint, leather dyes, permanent markers and a variety of ink from most types of surfaces, including brick, concrete and masonry.
- Easy-to-use gel form.
- Low odour.
- Economical, low rate of evaporation leading to low product loss.
- Extended contact time.
- Non-chlorinated, providing a safe, environmentally responsible product.
- Not classified as dangerous to the environment.

INSTRUCTIONS

Always test a small area first for compatibility.

Apply **Imperial Blitz Super Gel** with a brush, pad or spray directly onto the surface. Leave to stand for approximately 10 – 20 minutes, allowing time for the graffiti to dissolve.

For large areas, remove using a high-pressure water jet.

For small areas, rinse and clean with **Imperial Blitz Finishing Detergent**. For stubborn marks, a repeat application may be necessary, or subsequently treat the area with **Imperial Blitz Ghost Gel**.

Note: - *Not suitable for use on plastic substrates.*

CAUTION

We always advise the use of suitable PPE.

Wear protective gloves and safety glasses – refer to EN Standards – EN374: Modified Standard for Chemical Protective Gloves / EN166: Personal Eye Protection Standard. Refer to Safety Data Sheet for full health and safety information.

Keep tightly sealed and in original container.
